

Want - An Unrevealed Need

(Lecture spot of 90 mins)

Speakers: Dr. Suhas Lele, Dr. Madhusudan Bendre

9th May 2008, 2 to 3.30pm

**'Crowns & Bridges' was planned.
'Adoro' Indirect Composite was used
along with metal substructure.**

I'm disturbed
and am not able
to concentrate
on studies.

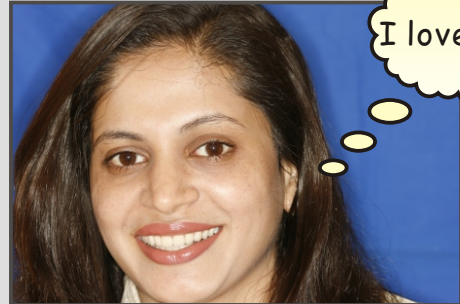

Very happy! It's
like a blessing, a
miracle!

**Retreatment by 16 Indirect
Laminates**

I lost my faith in
dentistry. I was
better off with
my original teeth.

I love myself

6 Composite Direct Veneers

I didn't want to
undergo ortho-
dodontics once again

I'm always
smiling now.

**A 'No-Preparation' Direct Composite
Augmentation**

I work in films.
I had spaces
between upper
front teeth.

I'm waiting
to face
camera.

Crown lengthening and Porcelain Laminates

A young girl with short teeth, multiple diastemas and gummy smile was treated with crown lengthening (with osseous recontouring) and porcelain laminates highlighted with Animations.

Implant Restoration

A lady with ill fitting dentures sought functional and esthetic dental treatment. Witness the transformation with Implant Restoration

Other Learning Objectives

- Adhesive dentistry under optimal protocol.
- Prediction of soft tissue
- Implant Esthetics
- Total Oral Rehabilitation with temporo-mandibular joint consideration
- Smile Design with free-hand composites
- Complex Esthetic Restoration
